Assistance for all events and activities

Our Lifestyle Attendants provide support in attending both family events and leisure activities – providing the physical and emotional support that suits you, as you maintain complete control of your social calendar.

Choose the level of service you prefer and work with a Lifestyle Attendant that you would love to have on your team. We place great priority on matching customers with Lifestyle Attendants who best suit their personality and interests.

Make the most of transport assistance to reach your appointments, run errands, attend work or school, or make the most of the sunshine on a beautiful day. Depending on your goals, we can also work with you to access public transport and increase your independence.

Live a connected lifestyle

So much of life happens outside of our homes, and Enhanced Lifestyles designs support to enable you to engage with all of it. Our Lifestyle Attendants offer support in accessing recreation and leisure activities, knowing just how important it is that our customers enjoy the events that matter to them most.

Whether you're obsessed with the live music, can't miss the next superhero movie at the cinemas, or have a regular appointment with your favourite nail technicians, we'll be there to support you in making the most of every day.

By you, for you

Over thirty years ago, a group of people living with disability realised that no one was better equipped to choose the kind of support they needed than themselves. Honing their knowledge and skills, together they became architects and builders of their own individualised disability services.

Today, Enhanced Lifestyles remains a member-governed not-for-profit, our Board predominantly comprised of people who use our services. By designing support services based on lived experience, we deliver the services people want to live life the way they choose.
